

BORDON INFANT SCHOOL

WHOLE SCHOOL FOOD POLICY

1. RATIONALE

As a school, we have always prided ourselves in promoting healthy eating patterns, by taking a more pro-active approach to improving the health and wellbeing of our children, staff and visitors.

Our belief is that a balanced healthy, nutritious diet is important for the development of a child's physical state, as well as for their intellectual abilities. Feeding the body with the proper nutrients helps fuel the mind to be more receptive to learning new skills

Specifically we believe that:

- it is important to educate the school community about the benefits of healthy eating
- the provision of easily accessible fresh drinking water is important to health
- healthy eating should be a positive and enjoyable experience
- the benefits of healthy eating should be promoted to the whole school community
- recognising that sweet, biscuits and cakes etc are part of a balanced diet when eaten in moderation

As part of the curriculum and to improve the well being of our children, we have incorporated:

- Healthy eating days
- Provision of water containers for children
- Provision of milk for those parents who wish their children to have it
- Achieved accreditation as a Healthy School
- School meals
- Free fruit for all children
- Advice to parents on healthy balanced lunch boxes
- Healthy eating, as part of the curriculum
- Extra curriculum activities, such as cookery clubs,
